Welcome - Amadeus Service Hub

When hotels run on manual processes, they are prone to service errors and miscommunication that can cause delays and subpar room conditions. Hoteliers that invest in HotSOS Housekeeping can sleep well knowing their maintenance and housekeeping tasks are logged and responded to in a timely fashion without sacrificing guest satisfaction.

HotSOS Housekeeping Software - amadeus-hospitality.com

the matter of parsing edifact-amadeus is much more complicated than getting the manual from amadeus. it takes inventing tree algorithms, managing large data files, timing procedures, etc. etc. if you do not have the time and drive to go and invent the wheel all over again, you'd better look for an existing solution. this is not a direct answer to the question you posed, but it is the outcome of some ...
