It's great for a quick review with material that has a very narrow focus on what actually appears on the final exam, as well as helpful strategies for answering the different types of questions.

## **The Best AP Chemistry Review Book (Ace Your Exam in 2020!)**

This is a strong AP Chemistry review book due to its intense focus on the most important concepts to understand before the test. There's a reason why it's called "Crash Course": it's meant to be used for a quick review, so it covers the material as efficiently as possible without any fluff.

I have not seen the Sterling test prep  
book, but it is dedicated to questions  
and answers, so that may be a good bet  
to pair with the mostly content-  
dedicated Crash Course book. Overall:  
BUY THIS BOOK for AP chemistry: it's the  
best book out there for content-learning.  
Just remember to pair it with some extra  
practice.
