Our aircraft builds on Bell's legacy of providing ultra-reliable scout rotorcraft by keeping our aircraft affordable with an emphasis on simplifying processes to achieve a sustainable and maintainable aircraft for the warfighters.

Bell | Welcome to The Future of Flight
Bell produced just 129 Model 430s before production ended in 2010, by which time the price of a new one had climbed to \$8.4 million. About half of all 430s were fitted with executive interiors. You can pick up a good 10-year-old one for less than \$2 million and get a decent repaint and refurbishment for \$200,000 to \$300,000.
