Common ways of facing your fears are evaluating the risks, creating an action plan, seeing a therapist, and being sure not to completely avoid your fears. However, you may need to first decide whether it's necessary to face your fear if it is not part of your daily life.

How to Face Your Fears: Healthy Ways to Cope

So whenever you feel fear, it's time to start remembering all the times you've succeeded against your own fears in your past. Just write them down in a notebook or on your phone and keep tracking them! When you see them all together as a group, you'll see just how often you've succeeded and that will give you more confidence.

How To (Finally!) Face Your Fear | The Aligned Life

In many instances, when you face your fears you realize that what you feared in the first place was not really going to happen, but was just an illusion based on the assumption in your mind. Facing your fears opens your eyes to see what is real and what is not, so that you are not just held bound to something that is a figment of your imagination and not reality.
