FIAC is recognized in the international market for leading the evolution of compressed air systems by providing piston and rotary screw compressors, air dryers and filters, oil-water separators, as well as other compressor accessories. FIAC aims in extending and improving its product line to match needs of its target markets.

Fiac Compressor Parts

The piston compressor Fiac offers versatility, practicality and ease of use. It is one of the most modern piston compressors for the moment. Despite the relatively small power, these units offer high performance - up to 2 thousand l/min. The compressed air produced by the compressors has a low residual content of solid particles and water vapor.
