Common wisdom holds that today the middle-class is being “hollowed out.” Income alarmists claim that this yet another worrisome symptom of inequality, rising automation, or whatever your preferred economic boogeyman is in America and across the developed world. Every couple of years, new data is trumpeted as confirming this

Hollowing Out the Middle, does an excellent job identifying tangible reasons for this phenomenon and how to address them. In the start of the new millennium two sociologists, the husband and wife team of Patrick Carr and Maria Kefalas, moved to a rural Iowa town to study the experiences of youth coming of age.
