Into The Silent Land A

Into The Silent Land, by Martin Laird, was a very complex book on praying and how to truly enter into contemplative prayer. Many parts of the book were beautifully written, inspirational, and helpful, but there were also parts of the book that were very abstract, repetitive, and could be considered frustrating for someone who is a novice in their prayer life.

And "Into the Silent Land" is about the worst times which humans have to go through — journeys into neuropathology, when suddenly parts of their body act in strange ways or just go silent on them. Michael, who spoke that first sentence above had a dent in his head about three inches up from his right eyebrow, indicating some injury involving damage to his brain.
