Nietzsche And Depth Psychology

"Nietzsche and Depth Psychology affords a rich variety of interpretations of Nietzsche's psychology and its relation to depth psychology, particularly to Freud—a judicious interpretation of power as opposed to will. The topic is very significant in itself and also for the relation between psychology and philosophy in general."

Nietzsche and Depth Psychology: Golomb, Jacob, Santaniello ...

This collection of seventeen essays analyzes the theme of psychology in Nietzsche's works from the standpoint that Nietzsche himself wished to be considered a psychologist and viewed psychology as a means of exploring the most fundamental problems of the human condition. Nietzsche's philosophy, both in style and content, is approached as containing a psychological methodology that aims to existentially enable the reader: firstly, in the deconstruction of one's values and systems of ...

Jacob Golomb, Weaver Santaniello, and Ronald Lehrer ...

"All psychology so far has got hung up on moral prejudices and fears: it has not dared to descend into the depths." (Beyond Good and Evil) Nietzsche conceived the psyche as constituted by multidimensional layers and possessing a complexity which renders total and complete knowledge of it an impossibility.

When Nietzsche said, "God is dead," he uttered a truth which is valid for the greater part of Europe. People were influenced by it not because he said so, but because it stated a widespread psychological fact. ~Carl Jung, CW 11, Para 145. Jung said that people often confused reality with psychological reality. When Nietzsche...
