Exploration Guide & Adding Vectors Describing Vectors In this activity, you will explore vectors and ways of describing them by magnitude and direction. tm 1. In the Gizmo , notice that

## Where To Download Student Exploration Vectors Answers

there are two vectors on the graph, and .

### **Exploration Guide\_ Adding Vectors Gizmo | ExploreLearning**

The Gizmo allows students to position and adjust the length and direction of two vectors, a and b. By positioning the tail (initial point) of b on the head (terminal point) of a, students can find the sum, or the resultant vector. Students can then add the components of a and b to numerically determine the resultant.
