By virtue of that right they freely determine their political status and freely pursue their economic, social and cultural development. 2. All peoples may, for their own ends, freely dispose of their natural wealth and resources without prejudice to any obligations arising out of international economic co-operation, based upon the principle of mutual benefit, and international law.

### **International Covenant on Economic, Social and Cultural Rights**

Cultural and social analysis contributes to the understanding of the decisive factors which shape economic behaviour, institutional practice, and resistance to change. These elements are seldom described in statistical directories, or in official documentation, because development strategies in the past were designed without taking into account social structures and beneficiaries' perspectives.
