### 3D Print Everything - A place to share designs for 3D ...

3D Print Everything was born in April 2017 with the purchase of my first printer and a dream to be self-employed. There was no vision of how big this would get in the beginning; it was just figuring out how to work a 3D printer for 3 months. Once I got the hang of it.

### 3D Printing Services | DFW Based | 3D Print Everything

3D printing is the construction of a three-dimensional object from a CAD model or a digital 3D model. The term "3D printing" can refer to a variety of processes in which material is deposited, joined or solidified under computer control to create a three-dimensional object, with material being added together (such as liquid molecules or powder grains being fused together), typically layer by ...
