Wilhelm Reich Character Analysis

Reich's classic work on the development and treatment of human character disorders, first published in 1933. As a young clinician in the 1920s, Wilhelm Reich expanded psychoanalytic resistance into the more inclusive technique of character analysis, in which the sum total of typical character attitudes developed by an individual as a blocking against emotional excitations became the object of treatment.

Character Analysis - Kindle edition by Reich, Wilhelm ...

In Wilhelm Reich In Charakteranalyse (1933; Character Analysis), Reich called attention to the use of character structure as a protective armour to keep the individual from discovering his own underlying neuroses. He believed that repressed feelings were also manifested as muscular tension and that this mental and physical armour could be...

Character Analysis | work by Reich | Britannica

Wilhelm Reich Characterology. Wilhelm Reich Characterology. Wilhelm Reich is considered the Western originator of the science of Body Mind Psychotherapy. Freud and early psychologists discovered that there is a childhood developmental process that is now known to be windows of plasticity in the brain where the developing child has their beliefs, feelings and attachments to parents, others, and objects influenced in a positive or negative way.

[Download PDF] Character-analysis by Wilhelm Reich Ebook

Reich's work on character contributed to the development of Anna Freud 's The Ego and the Mechanisms of Defence (1936), and his idea of muscular armour—the expression of the personality in the way the body moves—shaped innovations such as body psychotherapy, Gestalt therapy, bioenergetic analysis and primal therapy.

Wilhelm Reich - Wikipedia

Harry Guntrip wrote that Freud's The Ego and the Id only gained practical importance when Reich's Character Analysis and Anna Freud's The Ego and the Mechanisms of Defence were published, as these books first placed ego-analysis at the centre of psychoanalytic therapy.

Wilhelm Reich gives a masterpiece ranging from classical psychoanalysis, to Character Analysis and finally to Orgone Biophysics that even now more than 60 years from its first publication is still way ahead from current conventional psychoanalysis and psychiaty.

Character Analysis: Third, Enlarged Edition: Amazon.co.uk ...

In this enlarged edition, Reich illustrates how his study of character led to a comprehension of the biological basis of neuroses and finally to the discovery of the cosmic orgone energy. Thus, character analysis is taken out of the realm of psychology and put on the firm basis of natural science, in the form of orgone biophysics.

Reich's method of character analysis is illustrated by the case of a 30-year-old man whom Reich treated in Vienna. The patient was impotent and complained of not "getting much fun out of life." His...

Wilhelm Reich— The Psychoanalyst as Revolutionary - The ...

These observations spurred the development of the concept of character. Character would be a personality construct that explained the inefficacy of mere 'uncovering' in producing change. Wilhelm Reich also noticed that the patterns of character were more than 'belief systems'--they extended to physical appearance and posture. At a standstill in some cases, Reich resorted to having clients move seemingly-fixed areas like the jaw, to loosen things up.
